Some Parent Testimonials.....

'Mary Immaculate has been the most welcoming and inclusive school since the day our daughter started orientation, prior to commencing Prep. The teachers are dedicated, hardworking and nurturing and there are so many wonderful activities, events and excursions that the children get to experience throughout the year. As a tight-knit school community, there are many opportunities for parents to get to know each other on a personal level, and not only will your child be able to make some wonderful friends, but uniquely, parents can feel like they have a sense of belonging too. We can see how our daughter is continually changing into a considerate, kind, eager person that is not afraid to face obstacles and take on new challenges – and this is thanks to the vibrant and dedicated staff that Mary Immaculate has to offer.'

'We have two boys, Jack and Will, who finished at Mary Immaculate Primary School in 2019. Jack and Will thrived academically in the small classes and were very well prepared for secondary school. Our youngest son, Hugo is in grade 2 this year and has a wonderful teacher. Even though it is a small school, we never feel that they are missing out on anything. There is always something exciting going on! We really feel like we are part of a community at MIPS and have made some great friends. The leadership at MIPS is wonderful and is supported by an amazing team of great teachers and support staff.'

We have two boys at MIPS who are blossoming in the wonderfully nurturing and caring environment at the school. All the staff know all the students & families, and all the students know each other. The staff and principal are always generous with their time. The school has a very supportive and fun family community and we have been blessed to make many new friends over the last 4 years.
